DANVILLE, VA., May 27 .- (Special.)-The orphanage that the Virginia Methodist Conference proposes to establish, and the location of which now lies between Richmond and Lynchburg, will, according to a statement by one of the committee, be conducted along the lines of the Miller Manual School, near Crozet. It is conservatively estimated that there will be an annual expenditure for its maintenance Services are held every Sunday and Thursday evening at the Presbyterian Sunday school. Large crowds attend. \$20,000 at the outset, and that within ten years \$50,000 will be expended annually. The school will be under the management of the Virginia Conference, but children will be admitted without reference to the denominational co of relatives. The support of the institu-tion will come from the 250 Methodist churches of the State, and from the liberality of citizens who are deeply interested in the establishment of the school.

Mr. E. G. Moseley, who is a member of the sub-committee on Location, makes e following statement of the scope of the orphanage;

"It is the purpose to make this not only a home for homeless children, but also an adustrial school for such inmates. The establishment of workshops in different branches of mechanics is contemplated, branches of mechanics is contempiated, so that each one of the children may be taught, under the most skilled trainers, not only in book lore, but in the industrial arts as well, so that by practical experience they may become skilled in some useful trade."

THE CITY ON THE DAN CATARRH OF THE STOMACH:

Rabbi David Klein, No. 526 east Main street, Columbus, O., writes the following to Dr. Hartman in regard to Peru-na: "It affords me great pleasure to testify to the curative merits of your medicine. Peru-na is a well-tried and widely-used remedy. Especially as a specific for catarrh of the stomach it cannot be excelled. Peru-na will do all that is claimed for it."

Mr. Alex. Carter, of Van Bur county, Mo., says: "I had bee with dyspessa and indigestions in 180 I took la grippe and I and since then I could not realized. The best physicians in the country could do no good. Evisited the Mullanphy Hospital, in St. Louis, and received no benefit. The attending physician told me I had narrowing of the outlet of the stomach, and the

only remedy was

to have it cut out, which I re-fused to have out, which I refused to have done. I then visited a great many mineral springs to find relief, among which were West Baden, Ind.; Las Vegas Hot Springs, New Mexico; Sweet Springs, Mo., and Monitou, Col. I also took a great many different kinds of medicine recommended for dyspepsia, but found no relief. Last February I read a testimonial for Fe-ru-na in the Central Baptist that suited my case, and I determined at once to try it. I have taken two bottles of Peru-na and four of Man-a-lin, and I feel like a new man. None of my friends believed I would get well. I would not take any money for the good your remedier have done me. I think your medicines are all you claim them to be. I enclose my photograph.

But in catarrh of the stomach, as well as in catarrh of any other part of the body. Peru-na is the remedy. As it has often been said, if Peru-na will cure catarrh of any other part of the body. Catarrh is catarrh wherever located, and the remedy that will cure it anywhere will cure it anywhere will cure it everywhere.
